NEW packaging design

The same best selling cheese chews that your customers know and love, now in an improved package for better shopability! We've enhanced the packaging graphics across our soft cheese chew line to better highlight the value and key messaging for consumers. Key changes include:

- Stronger Himalayan connection with visual cues
- Clearer claims messaging and key benefits
- New color coded dog illustrations to align with revised flavor icons
- New "Handcrafted in the USA" on the front of the package
